PARTIES AND JURISDICTION

1. This is an action for patent infringement under Title 35 of the United States Code. Plaintiff is seeking injunctive relief as well as damages.

2. Jurisdiction is proper in this Court pursuant to 28 U.S.C. §§ 1331 (Federal Question) and 1338(a) (Patents) because this is a civil action for patent infringement arising under the United States patent statutes.

4. Upon information and belief, Defendant is a Delaware limited liability company with its principal office located at 28635 Mound Road, Warren, Michigan 48092. This Court has personal jurisdiction over Defendant because Defendant has committed, and continues to commit, acts of infringement in the state of Texas, has conducted business in the state of

Texas, and/or has engaged in continuous and systematic activities in the state of Texas.

5. Upon information and belief, Defendant's instrumentalities that are alleged herein to infringe were and continue to be used, imported, offered for sale, and/or sold in the Eastern District of Texas.

VENUE

6. Venue is proper in the Eastern District of Texas pursuant to 28 U.S.C. §§ 1391(c) and 1400(b) because Defendant is deemed to reside in this district. In addition, and in the alternative, Defendants have committed acts of infringement in this District.

COUNT I **(INFRINGEMENT OF UNITED STATES PATENT NO. 8,131,487)**

7. Plaintiff incorporates paragraphs 1 through 6 herein by reference.

8. This cause of action arises under the patent laws of the United States and, in particular, under 35 U.S.C. §§ 271, *et seq.*

9. Plaintiff is the owner by assignment of the '487 patent with sole rights to enforce the '487 patent and sue infringers.

10. A copy of the '487 Patent, titled "Integrated Battery Service System," is attached hereto as Exhibit A.

11. The '487 Patent is valid, enforceable, and was duly issued in full compliance with Title 35 of the United States Code.

12. Upon information and belief, Defendant has infringed and continues to infringe one or more claims, including at least claim 1, of the '487 patent by making, using, importing, selling, and/or offering for sale a battery testing and analyzing system covered by one or more claims of the '487 patent. Defendant has infringed and continues to infringe the '487 patent either directly or through acts of contributory infringement or inducement in violation of 35

U.S.C. § 271.

13. Defendant sells, offers to sell, and/or uses battery testing systems, including, without limitation, the OTC One Step system, and any similar systems, which infringe at least Claim 1 of the '487 Patent. The OTC One Step system allows a user to diagnose the life of a battery, charge the battery, determine if the battery leads are faulty or connected incorrectly, and it relays test data to the user. The user may customize which aspects of the battery are to be tested, and the system may be updated to add software and memory as needed.

14. Defendant's actions complained of herein will continue unless Defendant is enjoined by this court.

15. Defendant's actions complained of herein are causing irreparable harm and monetary damage to Plaintiff and will continue to do so unless and until Defendants are enjoined and restrained by this Court.
